

Stay Ahead With Modern Technology

Uplevel the work experience with Dell PCs and Windows 11

Windows 10 end of support is October 2025

PCs will no longer receive security updates, new features nor Windows 10 technical support.

If your PC is one of the many that are now 4 years old or still on Windows 10, it's time to start planning for your upgrade to Windows 11 and the latest Intel processors on Dell AI PCs. Discover a completely re-imagined experience that elevates productivity, security, and creativity.

Refresh your devices to modernize the workplace

Older devices may not meet Windows 11 requirements and will lack the latest built-in performance, security, and AI enhancements. Enable users to achieve more with Windows 11 and Intel processors on AI-powered Dell devices.
