

HELP YOUR CUSTOMER EMBRACE WINDOWS 11

**WITH LENOVO
AND HP DEVICES
ADVANCED BY
AMD RYZEN™**

 WESTCOAST ×  ×  Windows 11

A refreshing sales opportunity

Did you know that an estimated **32%** of devices can't upgrade to Windows 11?

That means more than 10 million devices¹ will be unsupported when Windows 10 End of Support arrives in 2025. This brings a huge opportunity in the device refresh market.

Expand your horizons with Lenovo and HP devices advanced by AMD Ryzen™

Lenovo and HP devices advanced by AMD Ryzen™ processors deliver professional-grade productivity from Windows 11 and the power to run AI capabilities.

With options for entry-level users right the way through to workload-heavy creatives, you'll find a PC for every customer.

FIND THE PERFECT DEVICE-PROCESSOR COMBINATION

Lenovo ThinkPad TP P14s
21ME0004UK

Lenovo ThinkPad P14s Gen 5
21ME0005UK

Advanced by AMD Ryzen™ 7 PRO

AMD Ryzen™ 7 PRO offers ultra performance in a portable form with Lenovo's thinnest and lightest mobile workstation option. With AI-assisted productivity for enhanced efficiency, these multifaceted devices are suitable for educators, students and entry-level professionals.

Lenovo ThinkPad P16v G1
21FE000LUK and 21FE000XUK

Advanced by AMD Ryzen™ 7 and AMD Ryzen™ 9 PRO

A high-end mobile workstation that's incredible value for money, this device combines AMD Ryzen™ PRO performance for superfast memory and storage with NVIDIA® RTX™ graphics. Its Ultra Performance Mode is ideal for large workloads and users that need to multitask. There are two processor options – the AMD Ryzen™ 7 and 9 PRO. Both have impressive performance capabilities, but for power users that complete CPU intensive tasks and need heavy multitasking capabilities the AMD Ryzen™ 9 PRO is the ideal choice.

FIND THE PERFECT DEVICE-PROCESSOR COMBINATION

HP Elite Mini 805 G8
623D0ET#ABU and 5M9Y8EA#ABU

Advanced by AMD Ryzen™ 5

Available as an 8GB or 16GB option, the HP Elite Mini 805 advanced by AMD Ryzen™ 5 processor is highly secure thanks to HP Wolf Security and easily managed with configuration options tailored to every budget.
